SCHEDULED OVER THE PHONE (OPI) INTERPRETATION

Clients choose scheduled OPI to arrange a subject matter expert for a specific duration. They are able to share reference documents in advance and to have the interpreter call them directly.

- This service is recommended for attorney/client meetings, insurance statements or other legal engagements.

CORPORATE INTERPRETATION

Our corporate clients rely on our interpreters for business meetings, presentations, human resource training, conferences and seminars, and highly-sensitive client meetings.

- On-site coordinators and technicians ensure that everything runs smoothly

CASE STUDY

A leading Am Law 200 firm sent us a series of last minute requests for interpretation to be fulfilled next day in multiple states. In total, this case would last 10 months and require an interpreter on 60 separate occasions. Morningside was able to fulfill every single request (many coming at 9 or 10PM the day before) and ultimately help resolve our client's matter, leaving them satisfied.
